

SUSTAINABILITY INITIATIVES

As the first hotel on the Sunset Strip, Andaz West Hollywood attracted legendary rockers in the mid-60s. It now serves as an eclectic gateway to Hollywood, Beverly Hills, and other fashionable neighborhoods. Elevate your LA experience at this iconic property reimagined for modern day.

OVERVIEW

- Extensive energy, water, and recycling programs
- Near zero-waste initiatives in Culinary and F&B to source whole, produce locally, and upcycle all secondary use ingredients
- In-house water filtration program
- Walkable destinations
- Electric charging stations

CARBON EMISSIONS AND WATER

- Lights and air conditioning are turned on in meeting rooms only when needed
- Our daily operational reports are used to effectively schedule heating and cooling
- Segregation of recyclable waste materials
- Suggesting lower-impact options for centerpieces and décor, such as potted plants rather than flower arrangements
- Low flow toilets, faucets and shower
- Solar parking lights located on 3rd floor parking

WASTE AND CIRCULARITY

- Each guest is provided with two refillable water bottles that can be refilled at multiple water stations throughout the hotel.
- Plastic straws are not used, rather, straws made of paper are offered upon request
- All our room keys are made out of bamboo to ensure minimal plastic waste to the planet
- All take-out containers, cutlery, and beverage is made from 100% recyclable plastic.

OUR FOOD PHILOSOPHY

Hyatt's Food. Thoughtfully Sourced. Carefully Served. philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- Free-run eggs are utilized in our restaurants
- Zero waste Culinary programs include upcycling of ingredients for secondary purpose
- Different meats are purchased and broken down, utilizing every possible piece
- Produce sourced from local farms, when possible and in-season
- When possible, ingredients and dishes are produced in-house
- Seafood is sustainably purchased from responsible sources
- Plant based and plant forward menu items are offered in our restaurants and events

ADDITIONAL

SUSTAINABILITY OPPORTUNITIES FOR MEETINGS AND EVENTS

We aspire to make it easy for our guests to incorporate more sustainable practices during their meetings and events. Our hotel events team is ready to discuss how we can support or provide guidance for the options below:

- Using refillable solutions for water through our Vivreau filtration system
- Supporting digital signage and offering Hyatt applications to help enable a paperless meeting
- Plastic-free environment, including bottles and packaging
- Digital collateral
- Suggesting lower-impact options for centerpieces and décor, such as plotted plants, using digital backdrops, and alternatives to avoid single-use decorations
- Coordinating the temperature of event spaces to reduce energy use while supporting attendees' comfort
- Providing event-specific environmental footprint information aligned with the Hotel Carbon Measurement Initiative (HCMI) and the Hotel Water Measurement Initiative (HWMI) methodology
- Discussing the best ways to reduce food waste, such as ensuring updated headcounts for each meal, opting for plated meals over buffets, and leveraging the hotel restaurant for smaller groups
- Brewing limited amounts of coffee
- Designing plant-based (vegan or vegetarian) meals and dishes to meet attendees' dietary considerations, sustainability priorities, and culinary preferences
